

Kaydem Credit Help Privacy Policy

Your privacy is very important to us.

To better protect your privacy, we are providing this notice explaining our online information practices and the choices you can make about the way your information is collected and used. To make this notice easy to find, we have made it available on our home page and at every point where personally identifiable information may be requested.

The Information We Safely Collect Online

This notice applies to all information collected or submitted on the Kaydem Credit Help website. On some pages, you can order services, make requests, and register to receive materials. The types of personal information collected at these pages are:

1. Name
2. Address
3. Email address
4. Phone number
5. Credit card information
6. And potentially other information in the future

The Way We Safely Use Your Information

We use the information you provide about yourself and/or credit partner when completing the service that you ordered. We do not share this information with outside parties except to the extent necessary to complete that order.

We use return email addresses to answer the email we receive. Such addresses are not used for any other purpose and are not shared with outside parties.

Finally, we never use or share the personally identifiable information provided to us online in ways unrelated to the ones described above without also providing you an opportunity to opt-out or otherwise prohibit such unrelated uses.

Marketing

Kaydem Credit Help may provide periodic offers, offered directly from Kaydem Credit Help or special offers for our affiliates. You will be able to opt out of these notices at any time.

Our Commitment to Data Security

To prevent unauthorized access, maintain data accuracy, and ensure the correct use of information, we have put in place appropriate physical, electronic, and managerial procedures to safeguard and secure the information we collect from you. This can include, and is not limited to, secure socket layers (SSL) for all transactions. Our proprietary database files are encrypted and cannot be read outside the database environment. Our client site is securely hosted on a GoDaddy virtual private server, which provides state-of-the-art security.
